## ABOUT US

**iPixio Animation College**, based out of India's Silicon Valley, Bengaluru, is the culmination of years of research in the field of **Entertainment Arts** and **Digital Media**. Recognizing the demand for a skilled and specialized workforce for the entertainment arts and digital media industries, iPixio offers highly focused degree & diploma programs designed to prepare students for careers in these creative industries.

By developing a well-rounded curriculum of **Media Design, 2D/3D Production, Visual Effects and Game Arts**, iPixio is creating an educational environment that encourages collaboration among its programs of study. With faculty and advisory boards that are drawn directly from the relevant industries, iPixio provides its students with the foundation and mentorship necessary to launch a successful career.

## WHY US?

iPixio is a **Career Boot Camp**. Truly succeeding in the field of animation requires bringing all of your conceptual, aesthetic, and technical knowledge together with your accomplishments and - most of all - your creative personality. To do that, you'll need a professional resume and cover letters, hours upon hours of interview preparation, and a killer portfolio calibrated to perfectly portray you as the industry-ready professional you are.
